

It seems that 2021 is flying by, March is already here! I am anxious for spring, the green grass, flowers and warmer days!

COVID-19 continues to take us on what seems like a never-ending roller-coaster ride. In February we saw our county positivity rate decline, that along with no new positive cases in our residents or staff allowed us to again host indoor visits. Unfortunately, that had to come to an abrupt stop when we had a staff member test positive for COVID-19. I know it is disappointing and frustrating, but we continue to do what we can to keep everyone safe. We encourage staff to take precautions when not in the building to help minimize the spread of COVID-19 however due to the nature of the virus, we are not able to completely prevent someone from contracting it. We will continue to test staff and residents and as soon as we can, we will begin indoor visits.

In the meantime, please take advantage of the nice weather and pop in for a window visit or set up a virtual visit. And as always, we will consider a compassionate care visit when requested.

Bring on Spring and warm weather!
